

TAX TABLE AND GUIDANCE NOTES

(FOR EMPLOYEE'S INCOME)

PART I – TAX TABLES: DAILY, WEEKLY, MONTHLY
PART II – ANNUAL TAX TABLES AND ILLUSTRATIVE EXAMPLES
PART III – REGULATIONS ON EMPLOYMENT INCOME
PART IV - ALLOWANCES FOR EMPLOYEES

PART V - PREVIOUS TAX YEARS DEDUCTION TABLES

EFFECTIVE FROM 1ST JULY 2026

APPROVED BY
COMMISSIONER GENERAL
BOTSWANA UNIFIED REVENUE SERVICE

NOTES ON USAGE OF TAX DEDUCTION TABLES

1. These tax deduction tables are approved in terms of Section 142 (1) (a) of the Income Tax Act.
2. An employer shall use these tables for determining the tax to be withheld from any payment of employment income unless he or she has a Directive (Form ITW 5) from the Commissioner General or written authority from the Commissioner General to use another method.
3. For purposes of the tax tables calculation for employment income includes the value of benefits whether in cash or otherwise.
4. Examples on the use of these tables are provided. These examples do not apply where the employer has received a Directive from the Commissioner General. In such cases, the instruction in the Directive must be followed. The examples do not exhaust all possibilities. For any scenarios not provided, please contact the Botswana Unified Revenue Service.
5. The only deduction allowable from gross income is on contribution made by the employee to an approved superannuation fund.
6. This Tax Table applies to Individual taxpayers.
7. This Tax Table should be used with the Income Tax Regulations (employment).

Part II

TABLE I

ANNUAL TAX DEDUCTION TABLE FOR RESIDENT EMPLOYEES

(From tax year 2026-27) July 2026 onwards

Taxable Income

<u>More than</u>	<u>but</u>	<u>Less than</u>	<u>Tax to be deducted</u>
0		48 000	Nil
48 001		84 000	0 + 5% of excess of over P48 000
84 001		120 000	1800 + 12.5% of excess over 84 000
120 001		156 000	6 300 + 18.75% of excess over 120 000
156 001		400 000	13 050 + 25% of excess over P156 000
400 001 and above			74 050 + 27.5% excess over P400 000

TABLE II

TAX DEDUCTION TABLES FOR NON-RESIDENT EMPLOYEES

(From Tax Year 2026-2027) July 2026 onwards

PAYMENTS MADE MONTHLY

Taxable Income

<u>More than</u>	<u>but</u>	<u>Less than</u>	<u>Tax to be deducted</u>
0		7 000	5 per cent of every Pula
7 000		10 000	350 +12.5 per cent of excess over P7, 000
10 000		13 000	725 + 18.75 per cent of excess over P10, 000
13 000		33 333	1 287.5 + 25 per cent of excess over P13, 000
33 333 and above			6 370. 83 + 27.5 per cent of excess over P33, 333

PAYMENTS MADE ANNUALLY

Taxable Income

<u>More than</u>	<u>but</u>	<u>Less than</u>	<u>Tax to be deducted</u>
0		84 000	5 per cent of every Pula
84 000		120 000	4 200 +12.5 per cent of excess over P84 000
120 000		156 000	8 700 + 18.75 per cent of excess over P120 000
156 000		400 000	15 450 + 25 per cent of excess over P156 000
400 000 and above			76 450.00 + 27.5 per cent of excess over P400 000

EXAMPLES TO ASSIST TAXPAYERS

EXAMPLE 1 - RESIDENTS PAID DAILY

Resident employee paid P210 per day consistently
To determine tax to be withheld from a daily payment:

- Step 1 – Turn to Daily Resident Tax Tables
- Step 2 – Find in the Income (INC) column the amount of P210
- Step 3 – Read from the adjacent Tax column the amount of tax to be withheld P0.50

EXAMPLE 2 - RESIDENTS PAID WEEKLY

Resident employee paid P1000 per week consistently.
To determine tax to be withheld from a week payment:

- Step 1 – Turn to Weekly Resident Tax Tables
- Step 2– Find in the Income (INC) column the amount of P1 000
- Step 3 – Read from the adjacent Tax column. The amount of tax to be withheld P3.85

EXAMPLE 3 - RESIDENTS PAID MONTHLY

Resident employees paid P18 000 per month consistently.
To determine tax to be withheld from a monthly payment:

- Step 1 – Turn to monthly Resident Tax Tables
- Step 2 – Find in the Income (INC) column the amount of P18 000
- Step 3 – Read the adjacent Tax column. The amount to be withheld P2 337.50

EXAMPLE 4 - RESIDENTS PAID MONTHLY (New Tax Bracket)

Resident employee paid P34 000 per month consistently.
To determine the tax for an amount not found in the tax tables, use the following steps:

- Step 1 - Find in the Income (INC) column the amount of the first P33 333
- Step 2 - Read the adjacent Tax column. The amount to be taxed on the first P33 333. P6 170.83
- Step 3 - Calculate 27.5% of excess over P33 333 (P34 000 – P33 333) {P667.00*27.5%} P183.43
- Step 3 – Total tax for Income of P34 000 (Step 1 tax + Step 2 tax) P6 170.83 + P183.43 P6 354.26

EXAMPLE 5 - NON-RESIDENTS PAID MONTHLY

Non-citizen Director paid P89 000 per month consistently.

- Step 1 - Find the Income column for the first P33 333 from the tax tables. P6 370.83
- Step 2 - Calculate 27.5% of excess over P33 333 (P89 000 – P33 333) P55 667.00 P15 308.43
- Step 3 – Total tax for Income of P89 000 (Step 1 tax + Step 2 tax) P6 370.83 + P15 308.43 = P21 679.26

EXAMPLE 6 - PAY PERIOD NOT IN TAX TABLES

A resident employee is paid a salary at a rate of P4 000 per fortnight in equal amounts. To determine the tax to be deducted from any payment:

NOTE: *If any part of the pay period falls into the earlier tax year this does not affect the withholding tax. Tax is to be withheld from any payment of income as though that payment was due for the year in which it is paid.*

Step 1 – Multiply the amount of the payment to be made i.e., P4000 by 26 (the number of pay days in the year) P104 000

Step 2 – Turn to Annual Resident Tax table

Step 3 – Find the range of income which includes the amount in Step 1 P84 000 – P120 000

Step 4 – Read from adjacent tax column the first amount noted P1 800

Step 5 – Deduct from the payment to be made the lowest figure of the range of income in Step 3 (104 000- 84 000) P20 000

Step 6 – Calculate the tax on the amount in Step 5 at the rate indicated in the tax column at Step 4 (P20 000 @ 12.5%) P2 500

Step 7 – Add the amount in Step 4 to the amount in Step 6 to give the amount of tax to be withheld for the year (1 800 + 2 500) P4 300

Step 8 – Divide the amount in Step 7 by the same factor used in Step 1 to leave the amount of tax to be deducted from the fortnightly payments (P4 300 / 26) P165.38

EXAMPLE 7 - PAID REGULARLY WITH ADDITIONAL PAYMENT(S)

Resident employee in post as of 1st July paid P4000 per month. Bonus of one month's additional salary to be paid in December. To determine the tax to be withheld from the bonus:

Step 1 – Calculate the total Income to be paid in the tax year excluding the additional payment P48 000
12 x 4 000

Step 2 – Add the additional payment to the amount in Step 1 P48 000 + P4000 P52 000

Step 3 – Turn to Annual Resident Tax Tables

Step 4 – Determine the tax to be withheld from each of the amounts in Step 1 and Step 2

P48 000	P0.00
P52 000	P200.00

Step 5 – Determine the difference in the two amounts in Step 4 to leave the tax to be withheld from the additional payment P200.00

EXAMPLE 8 - PAID REGULARLY WITH INCREASE BACK-DATED TO A DATE IN A PRIOR TAX YEAR (See section 16(1) (i) and 16 (3) in the case of reinstated employees)

NOTE: *Although the arrears relate to a previous tax year, the whole of the arrears are subject to withholding in the year in which they are paid.*

When an employee is paid an amount which relates to tax year(s) prior to the current tax year, the tax should be deducted on the payment to the extent it relates to the prior tax year(s) as follows:

Example: Resident Employee was suspended from his employment on 1.1.2019 and was reinstated on 1.9.2021. He receives on 1.9.2021 lump sum of P84 000, in addition to his regular Income, most of which relate to previous tax years. The breakdown is given below:

Tax year 2019 P12 000
Tax year 2020 P24 000
Tax year 2021 P40 000 and
Tax year 2022 (from 1.7.2011 to 31.8.2011) P8 000

His Income for the above tax years, excluding the lump sum payment, is as follows:

- Tax year 2019 P34 000
- Tax year 2020 P18 000
- Tax year 2021 P22 000
- Tax year 2022 P48 000 (Income @ P4 000 per month)

Step 1 – The amount of lump sum received by employee should be allocated on tax year basis (other than the amount pertaining to the current tax year) as given above and added to the taxable income of each year as computed in the assessment and if there is no assessment as computed by the employer.

Tax year	Income excluding lump sum	Portion of lump sum relating to the tax year	Income including the portion of the lump sum
2019	34 000	12 000	46 000
2020	18 000	24 000	42 000
2021	22 000	40 000	62 000

Step 2 –Compute the tax payable on the income which includes the portion of the lump sum relating to that tax year applying the rate applicable to that tax year.

Tax Year	Income including the lump sum	Tax thereon
2019	46 000	500
2020	42 000	300
2021	62 000	1 300
Total tax for the three years		2 100

Step 3 – Compute the tax payable for the previous years excluding the portion of lump sum payment relating to those years.

Tax Year	Income excluding the lump sum	Tax thereon
2019	34 000	Nil
2020	18 000	Nil
2021	22 000	Nil
Total tax for the three years		Nil

Step 4 – Deduct the tax arrived at Step 3 from the tax computed in Step 2 P2 100 – 0 P2 100
This will be the tax deductible from that portion of the lump sum received on reinstatement, which relates to the previous tax years.
The tax on the lump sum part pertaining to the current tax year i.e., P 8 000 will be computed as given in Example 6.

Applying the steps in example 6, the tax on additional Income pertaining to tax year 2022 is P400.00
Tax to be withheld from additional Income relating to previous tax years. P2 100.00

Total Tax to be deducted from additional Income relating to previous tax years and current tax years (P400 + 2 100) = P2 500.00

EXAMPLE 9 - EMPLOYEE JOINS THE SERVICE IN THE MIDDLE OF THE TAX YEAR

NOTE: An employee who joins the service for the first time during the months of April to June of any year.

(a) Resident employee employed on 1st April paid P6 000 per month

Step 1 – Calculate the total Income be paid in the tax year	P6 000 x 3 = P18 000
Step 2 – Turn to Annual Resident Tax Tables	
Step 3 – Determine the tax to be withheld from income P18 000	NIL

(b) Resident employee starts employment for the first time on 1st October paid P8 000 per month

Step 1 – Calculate the total Income to be paid in the tax year	P8 000 x 9 = P72 000
Step 2 – Turn to Annual Resident Tax Tables	
Step 3 – Determine the tax to be withheld from Income P72 000	P1 200
Step 4 – Divide the tax on step 3 by the number of months to determine the monthly tax deduction	P1 200/ 9 = P133.33

EXAMPLE 10 - SEVERANCE PAY, IN-SERVICE AND TERMINAL GRATUITY

An employee received severance pay of P36 000 during tax year 2025. His or her income for tax year 2023 was P48 000 and for tax year and for 2024 his or her income was P72 000. His or her income, excluding the severance pay, for tax year 2025 is P120 000. Fifty percent of severance pay, in-service or terminal gratuity is exempt and the balance (50%) is taxable. The Commissioner General, if it is beneficial to employee, may apportion the taxable gratuity equally over the period of employment or over three years including the year in which the severance pay/gratuity is received. The employer must have the Income for the previous two tax years also).

Step 1 – Compute the amount of taxable severance pay by deducting one third of severance pay from the total amount of severance pay received.

Severance pay received	P36 000
Less: 50% thereof	P18 000
Taxable severance pay	P18 000

Step 2 – Proceed as in Example 6, to determine the tax due taking the amount arrived at in Step 1 as an additional payment for tax year 2025. Income including taxable severance pay (120 000 + 18 000) = P138 000

Tax on P138 000 applying tax rates for tax year 2025. (See annual tax table for resident employees)	P9 675
Income excluding severance pay	P120 000
Tax on P120 000 applying tax rates for tax year 2025	P6
300Tax on severance pay (additional amount) (P9675 – P6300)	P3
375	

Step 3 – Divide the taxable severance pay by 3 (P18 000/3) = P6 000

Step 4 – Proceed as in Example 6 to determine the tax due on the amount arrived at in Step 3, as additional amount for each of the three tax years – 2023, 2024 and 2025.

Tax Year 2023

Income including taxable severance pay – (P48 000 + 6 000) =	P54 000
Tax thereon applying rates for tax year 2023	300
Income excluding taxable severance pay	P48 000
Tax thereon applying rates for tax year 2023	Nil
Tax on severance pay (300 -nil) for tax year 2023	300

Tax Year 2024	
Income including taxable severance pay – (P72 000 + 6 000) =	P78 000
Tax thereon applying rates for tax year 2024	P1 500
Income excluding taxable severance pay	P72 000
Tax thereon applying rates for tax year 2024	P1 200
Tax on severance pay (1 500 – 1 200) for tax year 2024	P300

Tax Year 2025	
Income including taxable severance pay – (P120 000 + 6 000) =	P126 000
Tax thereon applying rates for tax year 2025	P7 425
Income excluding taxable severance pay	P120 000
Tax thereon applying rates for tax year 2025	P6 300
Tax on severance pay (7 425 -6 300) for tax year 2025	P1 125

Step 5 – Add the amounts of tax on additional amount (severance pay) for the three tax years as determined in step 4 above.

Tax year 2023	P300
Tax year 2024	P300
Tax year 2025	P1 125
Total tax on severance pay for three years =	P1 725

Step 6 – The lesser of the amount arrived at in Step 2 and Step 5 will be the tax to be deducted from the severance pay = Tax to be deducted P1 725

NOTES
In a case where the citizen employee is in receipt of gratuity, in service or otherwise, claims exemption under section 16 (5) (c) on investing the gratuity in an approved superannuation fund, the above example will not apply.

EXAMPLE 11 IRREGULAR PAYMENT AT REGULAR INTERVALS

Resident employee paid regularly each month. Monthly payment includes some amount which varies each month e.g. commission, overtime etc. Amount paid in the tax year to date:

- (a) In first month of employment, salary 4000 plus commissionP500
(b) In first month of employment, salary 4000 plus commissionP700
(c) To determine tax to be withheld against second payment:

Step1 – Use Resident monthly Tax Table.	
Step 2 – Add Income already paid in the tax year to the payment now to be made (P4500 + P4700)	P9 200
Step 3 – Divide the Income in Step 2 by the number of month payments already made plus one (P9 200 divided by 2)	P4 600
Step 4 – Determine the tax to be withheld from the Income in Step 3 by using Example 3	P30.00
Step 5 – Multiply the tax in Step 4 by the divisor in Step 3 i.e. multiply by 2	P60.00
Step 6 – Record actual tax in withheld from first payment P4 000 (P4000 + P500)	P25.00
Step 7 – Deduct the tax in Step 6 from that in Step 5 to leave the amount to be withheld from the second payment	P35.00

NOTES: Whilst it is not incorrect to withhold tax in accordance with the Tax Tables against each separate payment, the above method spreads the tax evenly. You may also use the spread back table as given separately in next page with the above examples worked out.

SPREAD BACK SHEET FOR COMPUTATION OF TAX ON IRREGULAR AMOUNTS PAID REGULARY
(Where amount varies each month)

SPREAD BACK	JUL	AUG	SEPT	OCT	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUN
1. Salary this month	4000	4000										
2. Commission this month	500	700										
3. Pay this month (1 + 2above)	4500	4700										
4. Total pay to date (Row3 +Row 4 of previous month)	4500	9200										
5. Months elapsed	1	2										
6. Average pay (Row 4/ Row5)	4500	4600										
7. Average Tax (Tax on 6 above as per Tax Table)	25	30										
8. Average Tax by monthselapsed (Row 7 x Row 5)	25	60										
9. Tax Due to Date	25	60										
10. Tax paid to date (totalof Rows 11 of previouscolumns)	0	25										
11. Tax to be deducted thismonth (Row 9 – Row10)	25	35										

EXAMPLE 12- OCCASIONAL IRREGULAR PAYMENT (S) CAUSING THE RATE OF INCOME TO EXCEED P48 000 PER ANNUM (P4000 PER MONTH)

- A. Resident employee paid regular at P3600 per month. Payment of P300 to be made for overtime in November (i.e. P3 900 in that month) To determine tax to be withheld from the November payment:
Step 1 – Calculate the Annual Income (including overtime) $(P3\ 600 \times 12) + P300 = P43\ 500$
As the Income for the year is estimated to be less than P48 000 no tax is to be withheld from the November payment
- B. In the same case, the employee is also to be paid bonus of P20 000 in December (i.e. P23 600 in that month). To determine the tax to be withheld from the December payment.

Step 1 – Calculate the Annual Income $(P3\ 600 \times 12) + P300 + 20\ 000 =$	P63 500
Step 2 – Turn to the Annual Resident Tax Tables	
Step 3 – Find the range of Income including the amount of P63 500	P48 000 – P84 000
Step 4 – Read from the adjacent Tax Column the first amount noted.	0
Step 5 – Deduct from the payment to be made the lowest figure of the range of Income in Step 3 (P63 500 – P48 000)	P15 500
Step 6 – Calculate the tax in the amount in Step 5 at the rate indicate in the Tax column in Step 4 (P15 500 at 5%)	P775.00
Step 7 – Add the amount in Step 4 to the amount in Step 6 to give the amount of tax to be withhold (P0 + P775.00).	P775.00

NOTE: This is the amount of tax to be withheld from the December bonus

EXAMPLE 13 - TAX TO BE DEDUCTED WHERE TAX FREE INCOME IS PAID

(Refer to Regulation 51 of the Income Tax Regulations of 2026)

Resident employee paid tax-free salary of P7 500 per month as from July 2026. What is the monthly tax deduction?

The following Grossing up Tax Table to be applied where Income is paid tax free;

Resident Individuals

More than	But not exceeding	Amount
48 000	82 200	0 + 5/95 of the excess over P48 000
82 200	113 700	1 800 + 12.5 / 87.50 of the excess over 82 200
113 700	142 950	6300+ 18.75 / 81.25 of excess over 113 700
142 950	325 950	13 050 + 25 / 75 of excess over P142 950
325 950 and over		74 050 + 27.5/72.5 of excess of over 325 950

Non-Resident Individual

More than	But not exceeding	Amount
0	79 800	5/95 of the excess over 0
79 800	111 300	4 200 + 12.5 / 87.5 of excess over P79 800
111 300	140 550	8 700 + 18.75 / 81.25 of excess over 111 300
140 550	323 950	15 450 + 25/75 of excess over P129 150
323 950 and over		76 050 + 27.5/72.5 of excess over 323 950

The computation of tax deductible by the employer on the tax-free Income can be done as follows:

Step 1 – Annualise the Income: (7500 x12)	P90 000
Step 2 – Compute the tax payable on this applying the grossing up table for Residents individuals:	
Tax payable applying grossing up tax table:	
On first P82 200	P1 800
On balance of P7800 at 12.50 / 87.50 of the same:	P1114.29
Tax payable	P2 914.29
Step 3 – Divide the tax computed above by 12 as the salary is paid monthly	
Tax to be deducted every month: 2 914.29 /12	P242.86

EXAMPLE 14 - COMPUTATION OF TAX WHERE EMPLOYER PROVIDED BENEFITS TO EMPLOYEES

Employee is provided with the following benefits by the Employer in addition to payment of salary of P25 000 per month for the tax year commencing on 1st July 2026:

- (i) Rent free housing – Rateable value of the house is P600 000
- (ii) School fee of children – P20000 (annual)
- (iii) Contribution to medical benefit. P15000 (annual).
- (iv) Provision of motor car for personal use. Cost of the car is P160 000.
- (v) Loan of P160 000 at the interest rate of 5% per annum

Step 1 – Annualise the salary $P25000 \times 12 = P300,000.00$

Step 2 – Compute the value of the benefits for the whole year.

- i. Rent free housing – 10% of Rateable value – $P500\,000 \times 10\% = P50\,000$
- ii. Include the whole school fees $P20\,000$
- iii. Medical benefit contribution (Exempt under Section 16(5)(a)) Nil
- iv. Value of benefit of motor car: Refer to Income Tax Regulation 26

Refer to motor car benefit (Income Tax Regulation 26)

Cost of car is P160 000,

- v. Therefore 10% of 160, 000 is $P16\,000$
- vi. Value of benefit of concessional loan $P8\,000$
(Please see note below for explanation)

Add the value of benefits for the whole year, which amounts to $P94\,000$

Step 3 - Add the annual salary in step 1 and the annual value of benefits in step 2.

$(300\,000 + 94\,000) = P394\,000$

Step 4: Divide the total Income by 12 $(394\,000/12) = P32\,833$

Step 5: Refer to monthly tables for resident employee and note the tax deductible against P32

833. The tax deductible is **P6 045.75**

NOTE: In the case of interest free or low interest loans, the difference in the amount of any preferential rate of interest and the normal commercial rate currently prevailing would be the value of the benefit. The normal commercial rate of interest under the guideline issued by the Commissioner General is the bank rate of interest as announced by Bank of Botswana as on the first day of the tax year. In the above example, the interest in tax year is assumed to be 10%. The difference in interest rate is 5%. $(10\% - 5\%)$. The difference in the amount for tax year 2010 $(160\,000 \times 10\%) - (160\,000 \times 5\%)$ $P8\,000.00$

While applying the difference between commercial rate of interest and the preferential rate of interest the Botswana Unified Revenue Service will take the same method of computation of interest, which covers the loan transaction between the employer and the employee. For example, if the employer computes the interest on monthly balances, the same method will be applied. Similarly, if the Employer applies Equated Monthly Installments (EMI) or interest on annual balances, the same method will be adopted in computing the difference in the amount of interest. If the agreement does not specify the method of charging interest, interest should be applied on basis of employee's loan account for the tax year.

EXAMPLE 15 - TAX TO BE DEDUCTED FROM PAYMENT OF RETRENCHMENT PACKAGE BY THE EMPLOYER.

Employee receives retrenchment package of P120 000 during tax year 2026. His Remuneration for the year other than retrenchment package is P230 000. His Remuneration for tax years 2024 and 2025 are P210 000 and P220 000 respectively. Compute the tax to be deductible from the retrenchment package.

Section 16(1) (d). Fifty per cent of the amount of retrenchment will be exempt from tax and the balance will be included in Employment Income. The Income Tax Act gives the option to the Commissioner General to either include the entire taxable amount in the year of accrual or spread it over three years including the year of accrual provided the option exercised by the Commissioner General is favourable to the taxpayer.

Step 1 - Deduct fifty percent of retrenchment package received P60 000

Step 2 - Compute the tax on taxable retrenchment package for tax year 2026 taking it as additional amount following example 6.

Remuneration including taxable retrenchment package for tax year 2026 – (P230 000 + P60 000)	P290 000
Tax thereon applying tax rate applicable to tax year 2026	P46 550
Remuneration excluding taxable retrenchment package	P230 000
Tax on P230 000 applying rates for tax year 2026	P31 550
Tax on retrenchment package (P46 550 – P31 550)	P15 000

Step 3 - Compute the tax on additional amount for tax years 2024, 2025 and 2026 dividing the 50% of taxable retrenchment package by the three years as additional amount. (P60 000 / 3 = P20 000).

Tax Year 2024

Remuneration including taxable retrenchment package (P210 000 + 20 000) =	P230 000
Tax thereon applying rates for tax year 2024	P31 550
Remuneration excluding taxable retrenchment package	P210 000
Tax thereon applying rates for tax year 2024	P26 550
Tax on retrenchment package (30 300 – 26 550) for tax year 2024	P5 000

Tax Year 2025

Remuneration including taxable retrenchment package – (P220 000 + 20 000) =	P240 000
Tax thereon applying rates for tax year 2025	P34 050
Remuneration excluding taxable retrenchment package	P220 000
Tax thereon applying rates for tax year 2025	P29 050
Tax on retrenchment package (P34 050 – P29 050) for tax year 2025	P5 000

Tax Year 2026

Remuneration including taxable retrenchment package – (P230 000 + P15 000) =	P250 000
--	----------

Tax thereon applying rates for tax year 2025	P36 550
Remuneration excluding taxable retrenchment package	P230 000
Tax thereon applying rates for tax year 2025	P31 550
Tax on retrenchment package (P36 550 – P31 550) for tax year 2026	P5 000

Step 4 – Add the tax on the additional amount of retrenchment package

Add the tax amount of retrenchment package from each of the three years

2024	P3 750	
2025	P3 750	
2026	P3 750	
Total tax for the three years (P5 000 + P5 000 + P5 000)		P15 000

Step 5 – The lesser of the two amounts in step 4 and step 5 will be the tax to be withheld from the retrenchment package paid in tax year 2026. In this case the amounts are equal and the tax is P15 000.00.

EXAMPLE 16 - VARIATION FROM TAX DEDUCTION TABLES

An employee may request the employer to deduct from his Income an amount of tax greater than that required to be deducted under the tables, in cases where he (employee) is also in receipt of other income e.g. pension, income from part time employment and rental income.

Example

Employees' paid Income of P30 000 per month

Employee also receives income from part time

employment of P10 000 per month

Employee lodges form ITW 5 with the employer requesting for additional tax to be deducted from Income.

Step 1 – Calculate the Annual Income (excluding the additional payments) (P30 000 x 12)=P360 000

Step 2 – Add monthly income payments to the amount in Step 1 ((P10 000 x 12)+ 360 000 P480 000

Step 3 – Turn to the Annual resident annual tax table for P360000 P64 050

Step 4 – Compute the tax to be withheld from the amounts in Step 2 (P480000) P96 050

Step 5 – PAYE on Income and part time employment. Deduction per month after lodging ITW 5
(P96 050/12) P8 004.16

NOTE: Tax on part-time employment, when calculated separately, is lower due to the application of lower tax brackets; however, upon assessment of total annual income, this results in an under-deduction of PAYE and the employee will have tax payable. Additional PAYE = 96050 – 64050 = 32000; divided by 12 = 2666.67

PART III

REGULATIONS ON EMPLOYMENT INCOME-VALUATION OF BENEFITS

1. The value of a non-cash benefit included in the employment income of an employee under section 16(1)(e) of the Act shall be determined in accordance with this Part. The non-cash benefits have to be included in the Income of the employees and the tax tables given in Part I of this brochure for the calculation of the tax payable under the PAYE system.
2. The value of a non-cash benefit shall be included in the employment income of an employee for the pay period in which the benefit is provided to the employee.
3. Non-cash benefits shall include the following:
 - 3.1 The waiver or cancellation of a debt obligation of an employee;
 - 3.2 The value of any quarters or residence provided by the employer rent-free or at reduced rent;
 - 3.3 School fees borne or paid by the employer;
 - 3.4 Value of the use of the company car provided by the employer for personal use;
 - 3.5 Value of utilities provided or paid for by the employer;
 - 3.6 Value of interest on interest free or concessional loans granted by the employer;
 - 3.7 Any other benefits granted by the employer.
4. The following are Non-Cash benefits as listed and explained in **Part VII of the Income Tax Regulations**. Employers are advised to use this tax table together with Income Tax Regulations.

Debt waiver benefit 16.(1) The waiver by an employer of the obligation of an employee to pay or repay an amount owing by the employee to the employer shall be a debt waiver benefit.

(2) The value of a debt waiver benefit shall be the amount of the debt waived.

(3) A debt waiver benefit shall be non-cash benefit provided by an employer to an employee at the time that the debt is waived.

Housing benefit 17.(1) Any quarter or a residence provided by an employer to an employee is a housing benefit.

(2) The value of a housing benefit shall be determined in accordance with regulations 18, 19, 20, 21 and 22.

Quarter or residence leased by employer or associate 18.(1) Where a quarter or a residence is leased by the employer or an associate of the employer, the value of the housing benefit shall be the rent paid by the employer for such a quarter or a residence.

(2) A housing benefit referred to in sub-regulation (1) is provided by an employer to an employee in the pay period in which the rent is paid by the employer or associate.

Rateable quarters or premises owned by employer or associate

19.(1) Where a quarter or a residence is a rateable property –

(a) owned by the employer or an associate, the value of a housing benefit provided by an employee shall be equal to 10 percent of the rateable value of the property as shown on the valuation roll of the local authority in respect of the property as at the commencement of the tax year in which the pay period occurs;

Or

(b) during the tax year after completion of the current valuation roll of the local authority, the value of a housing benefit provided by an employer shall be equal to 10 percent of the interim valuation made for the property.

(2) The value of a housing benefit of an employee for a pay period under this regulation shall be calculated according to the following formula –

A/B

where -

A is the amount calculated under subregulation (1) or (2), as the case may be; and

B is the number determined under subregulation (3).

(3) The number for the purposes of component B in the formula in subregulation (2) is –

(a) where the pay period is a month, 12;

(b) where the pay period is a fortnight, 26;

(c) where the pay period is weekly, 52; and

(d) for any other pay period, the number determined by the Commissioner General.

Quarter or premises not rateable property or not valued

20.(1) Where a quarter or a residence is not a rateable property or has not been valued, the value of a housing benefit provided by an employer is an amount equal to eight per cent of the capital valuation of the property at the commencement of the tax year or the date of the completion of the construction of the property, if completion took place during the tax year.

(2) Subject to subregulation (3), the capital valuation of a quarter or a residence for a tax year shall be calculated by multiplying P2 500 by the gross floor area in square metres of a quarters or a residence as at the commencement of the tax year or as at the date of completion of construction of the property if construction was completed during the tax year.

(3) Where the Commissioner General is satisfied that, by reason of the standard of the

building, an excessive current capital valuation results under subregulation (1) or (2), the Commissioner General shall in place of the factor of P2 500 apply such smaller factor but not being less than P1 700, as the Commissioner General considers fair and reasonable.

(4) The value of a housing benefit of an employee for a pay period under this regulation shall be calculated according to the following formula –

A/B

where -

A is the amount calculated under subregulation (1), (2), or (3), as the case may be; and

B is the number determined under subregulation (5).

(5) The number for the purposes of component B in the formula in subregulation (4) is –

- (a) where the pay period is a month, 12;
- (b) where the pay period is a fortnight, 26;
- (c) where the pay period is weekly, 52; and
- (d) for any other pay period, the number determined by the Commissioner General.

Adjustment to value of Housing benefit

21. Where the period for which a quarter or a residence is provided in a tax year is less than 12 months, the value of the housing benefit shall be the amount determined under regulation 18, 19 or 20, pro-rated by reference to the period for which a quarter or a residence is provided.

Limitation on value of housing benefit

22. (1) The value of a quarter or a residence provided by an employer to an employee in a tax year shall not be greater than –

(a) where a quarter or a residence is provided for the whole of the tax year, the excess of the relevant percentage of the employee's employment income, excluding the value of a quarter or a residence, for that year over any amount payable by the employee for a quarter or a residence during the year; or

(b) where a quarter or a residence is provided in a tax year for a period of less than 12 months, the excess of the relevant percentage of the employee's employment income, excluding the value of a quarter or a residence, for that year over any amount payable by the employee for a quarter or a residence during that period.

(2) The relevant percentage of the employee's employment income excluding the value of the provided quarters or residence, for the purposes of subregulation (1) shall be published in the Housing Benefit Table on the Botswana Unified Revenue Service website.

School fees benefit

23. (1) Where an employer bears, pays or reimburses school fees of an employees' child, or a child that is a relative or dependant of the employee, the employer provides the employee with a school fees benefit.

- (2) The value of school fees benefit shall be the higher of -
- (a) the amount of the school fees borne or paid by the employer;
 - (b) the amount of the school fees reimbursed by the employer;
- Or
- (c) the market value of the benefit.

(3) A school fees benefit is provided by an employer to an employee at the time that the school fees are borne, paid or reimbursed by the employer.

**Motor vehicle
benefit**

24. (1) A motor vehicle provided by an employer to an employee wholly or partly for the private use of the employee is a motor vehicle benefit.

(2) A motor vehicle benefit includes any maintenance or running costs paid by the employer in relation to the private use of the vehicle.

(3) The value of a motor vehicle benefit for a pay period is the amount calculated in accordance with the following formula –

$$(A \times 10\%) / B$$

where –

A is the cost to the employer of acquiring the motor vehicle or, where the vehicle is leased by the employer, the fair market value of the vehicle at the commencement of the lease; and

B is the number determined under subregulation (3).

(4) The amount of component B in the formula in subregulation (2) is –

- (a) where the pay period is a month, 12;
- (b) where the pay period is a fortnight, 26;
- (c) where the pay period is weekly, 52; and
- (d) for any other pay period, the number determined by the Commissioner General.

(5) A reference in this regulation to a motor vehicle being provided to an employee for private use includes a motor vehicle that is made available to an employee for private use even when the employee did not actually use the vehicle for private use on a particular day.

(6) For purposes of this regulation, “motor vehicle” means a road vehicle designed to carry a load of less than one tonne and fewer than nine seated passengers and includes a motorcycle, safari vehicle or similar vehicle.

Utilities benefit

25. (1) Where an employer bears, pays, or reimburses utilities on behalf of an employee, including telephone, water, electricity, internet or similar utilities, the employer provides the employee with a utilities benefit.

(3) A utilities benefit is provided by an employer to an employee at the time that the cost of utilities of the employee is borne, paid, or reimbursed by the employer.

Interest benefit on employee provided loans

26. (1) Where an employer grants an employee an interest-free loan or a loan at a rate of interest lower than the market lending rate, the employer provides the employee with an interest benefit.

(2) The value of an interest benefit shall be the difference in the amount of interest on the preferential rate granted to the employee and the interest that would have been payable at the market lending rate.

(3) When computing the value of the interest benefit –

(a) the method used by the employer to charge interest on the loan shall be applied; and

(b) where interest is not charged by reference to a fixed period equal to or less than one year, the interest shall be computed on the outstanding daily balance as reflected in the employee's loan account.

(4) An interest benefit is provided by an employer to an employee at the time that the interest is paid by the employee by the employer.

(5) In this regulation, "market lending rate" means the Bank of Botswana Monetary Policy Rate prevailing on 1st July of the tax year in which the interest benefit is provided.

Residual Benefits

27. (1) Where an employer provides a non-cash benefit to an employee, which is not otherwise provided for under this Part, the employer provides the employee with a residual benefit.

(2) Subject to subregulation (3), the value of a residual benefit shall be the higher of –

(a) the cost incurred by the employer in providing the benefit;

(b) the amount reimbursed by the employer in respect of the benefit; or

(c) the market value of the benefit.

(3) Where a residual benefit is the provision of free or subsidized air travel provided by an employer who is an airline operator to an employee, the value of the benefit is the lowest economy fare for the flight taken by the employee.

(4) A residual benefit is provided to an employee at the time that the benefit is provided or made available to the employee.

Retrospective employment income

28. (1) Where the period to which a lump-sum amount was derived is eight years or less, the amount shall be included in the employment income of the employee for the tax years in which the amount was derived or would be paid up.

(2) Where the period to which a lump sum amount was derived exceeds eight years the Commissioner General may determine a reasonable basis of apportionment, having regard to -

- (a) the employee's terms of employment;
- (b) prior remuneration patterns;
- (c) the circumstances giving rise to the payment; and
- (d) the prevailing tax rate for relevant tax years.

HOUSING BENEFIT TABLE (Tax Year 2027 onwards)

The following table is a prescribed table for purposes of Paragraph 23 under Part VII of the Income Tax Regulations.

FROM PULA 48 100 TO PULA 58 600

INCOME	RELEVANT PERCENT	HOUSING BENEFIT	INCOME	RELEVANT PERCENT	HOUSING BENEFIT	INCOME	RELEVANT PERCENT	HOUSING BENEFIT
48100	1.25%	601.25	52100	11.25%	5,861.25	56100	21.25%	11,921.25
